## Chapter 1 by Tailors <3

Most people have found my brother Konstantine's Suicide Note. I think it broke my heart. The thing is, I found another note today in my room. It was one request. From him.

From this moment on.

I never had a brother. Please, for the sake of my sanity, please don't bring him up. I'm sure it will kill me.

If you have no idea what I'm talking about then that's fine. Oh well.

The night after this was written. Konstantine went missing. I am forbidden to speak to anyone in contact with the media about this and for my sake I want you do do me a favour.

Please forget that Konstantine ever existed.

Please forget that he ever died.

Please, never mention him.

Unless he comes back to me...

I will not be so cruel as to completely destroy him from existence so I will say this:

If you can contact me. I will give you the option to take a guess of a single word. If you are correct, I will speak to you about him.

That is my only option. If not then he is merely a myth.

I will give no clues about the code word.

This is not a game.

It is a sincere heartbreak.

Thank you.
